

PROFILE OF SWPA POWER In The 3rd Congressional District of Oklahoma

Almost 200,000 constituents in the 3rd Congressional District of Oklahoma enjoy the benefits of clean, renewable and efficient hydropower generated at Corps of Engineers multipurpose reservoirs and marketed by the Southwestern Power Administration in Tulsa. SWPA power distributed to businesses and industry also supports **almost 34,000 jobs** in the district with a payroll of **almost \$500 million annually**. SWPA also delivered **5.9 million kWh** of electricity to the **McAlester Army Ammunition Plant** in 2001.

This power is generated at 24 Corps dams in the region, including four in the 3rd District: Broken Bow, Denison (Lake Texoma), Eufaula and Robert S. Kerr. In 2001 these four dams generated **1,427 million kWh** of electricity, or more than 30 percent of the energy generated by SWPA's system. SWPA customers, through their electric rates, will repay 36 percent of the entire cost of constructing these four lakes — **more than \$134.7 million** — *plus interest!*

SWPA power is distributed in the district by the following consumer-owned, not-for-profit electric systems:

- **Canadian Valley Electric Cooperative**, Seminole
- **Central Rural Electric Cooperative**, Stillwater
- **Choctaw Electric Cooperative, Inc.**, Hugo
- **Cotton Electric Cooperative**, Walters
- **East Central Oklahoma Electric Cooperative**, Okmulgee
- **Indian Electric Cooperative, Inc.**, Cleveland
- **KAMO Power**, Vinita
- **Kiamichi Electric Cooperative, Inc.**, Wilburton
- **People's Electric Cooperative**, Ada
- **Red River Valley REA**, Marietta
- **Rural Electric Cooperative, Inc.**, Lindsay
- **Southeastern Electric Cooperative, Inc.**, Durant
- **Spiro City Utilities**
- **Wetumka Municipal Authority**
- **Western Farmers Electric Cooperative**, Anadarko
- **Yale City Utilities**
