

PROFILE OF SWPA POWER In The 4th Congressional District of Oklahoma

More than 135,000 constituents in the 4th Congressional District of Oklahoma enjoy the benefits of clean, renewable and efficient hydropower generated at Corps of Engineers multipurpose reservoirs and marketed by the Southwestern Power Administration in Tulsa. SWPA power distributed to businesses and industry also supports **almost 33,000 jobs** in the district with a payroll of **more than \$570 million annually**. SWPA also delivered 80 million kWh of electricity to **Fort Sill** in 2001.

This power is generated at 24 Corps dams in the region, including eight in Oklahoma: Broken Bow, Denison (Lake Texoma), Eufaula, Ft. Gibson, Keystone, Robert S. Kerr, Tenkiller Ferry and Webbers Falls. In 2001 these eight dams generated **2.1 billion kWh** of electricity, or almost 46 percent of the energy generated by SWPA's system. SWPA customers, through their electric rates, will repay 34 percent of the entire cost of constructing these eight lakes — **almost \$234 million** — *plus interest!*

SWPA power is distributed in the district by the following consumer-owned, not-for-profit electric systems:

- **Caddo Electric Cooperative**, Binger
- **City of Comanche**
- **Cotton Electric Cooperative**, Walters
- **City of Duncan**
- **City of Eldorado**
- **Harmon Electric Association, Inc.**, Hollis
- **City of Lexington**
- **City of Lindsay**
- **Manitou Light Department**
- **Oklahoma Electric Cooperative**, Norman
- **Town of Olustee**
- **People's Electric Cooperative**, Ada
- **City of Purcell**
- **Red River Valley REA**, Marietta
- **Rural Electric Cooperative, Inc.**, Lindsay
- **Town of Ryan**
- **Southwest Rural Electric Association**, Tipton
- **City of Walters**
- **Western Farmers Electric Cooperative**, Anadarko
